

INTERNATIONAL HEALTHCARE MANAGEMENT

International healthcare management carefully analyses the global issues healthcare professionals face – and what can be done about them. On each course you'll learn about the various theories of leadership and how the ethical framework shapes decision-making – allowing you to implement changes in your own healthcare environment.

ENTRY REQUIREMENTS

For the academic route, you must hold an undergraduate degree from an approved institution, equivalent to a UK Honours degree, or a relevant professional qualification. For the work experience entry route, we ask for at least three years' experience in a relevant field, supported by appropriate references.

WHY ESSEX ONLINE?

- Tailor your course to suit your aspirations by choosing from optional modules
- Be taught by passionate tutors who are true experts in their field
- Benefit from close tutor support with classes capped at 20 students

CAREER PROSPECTS

A qualification in healthcare management could help you progress in a hospital or healthcare environment, or as part of an international organisation. You could also advance in medical sales, outpatient care, public health or support services.
